The camp's colours are inspired by nature, from 'sun-bleached' wood and wicker lampshades to intense bursts of colour in the exuberant fabrics, like wildflowers dotted around the landscape. The tented ceiling and soft lighting create a sophisticated ambience.

ADDITIONAL ACTIVITIES*

Thrilling Night Games Drives: The plains come alive at night, with nocturnal animals such as aardvark, white-tailed mongoose, zorilla (striped polecat), bat-eared fox and perhaps even lions and leopard. This nighttime adventure is very special as it's not possible in most of Kenya's national parks and reserves.

Rhino Encounter: Get up close and personal with the last two northern white rhino on earth and hear their incredible story.

Lion Tracking: Guests can accompany a ranger and actively help protect these big cats. They'll take notes on specific lions spotted, then report to the Ol Pejeta Ecological Monitoring Department.

Guided Bush Walks: Accompanied by an experienced ranger, these interpretive walks bring you up close and personal with the sights, smells and sounds of the African bush.

Hippo Hide Nature Trail: Guests walk through the bush along the banks of the Ewaso Nyiro river, where hippos keep cool in the shallow water.

Meet the Neighbours Community Interaction: Ol Pejeta Conservancy aims to positively impact the surrounding communities through education, agriculture and livestock enterprise. Visit local communities and see first hand the work the Conservancy undertakes in health care services, sustainable energy and community enterprise initiatives.

Run in the Wild: For fitness and adventure fans, there is no better run than a 5 to 7km route across the Ol Pejeta plains.

K9 Unit Dogs: Meet the incredible K9 Unit dogs - from tracking the scent of a poacher, to detecting ammunition, these animals are imperative in anti-poaching efforts. Interact with the dog keepers and learn what it takes to look after the specially trained canine team.
