BAINES' CAMP

OKAVANGO DELTA

BOTSWANA 6 SUITES

Sanctuary Baines' Camp is our smallest camp with only six luxurious Suites. With Star Baths and Sky Beds on your private deck, this is a romantic oasis.

## LUXURY, NATURALLY

---

Adventure, enchantment and 'Luxury, naturally' - all delivered with a quiet, understated charm and understanding of place – is the guiding philosophy of Sanctuary Retreats and one of our smallest camps, Sanctuary Baines' Camp.

Sanctuary Baines' Camp is perched above the Boro River in a private concession bordering the Moremi Game Reserve in Botswana's Okavango Delta and with its vast and diverse wildlife species is one of the premium destinations in the world for a dynamic safari experience and offers a truly unique wilderness safari in Africa.

An intimate safari camp, Sanctuary Baines' was named after the 19th century explorer and painter Thomas Baines. This is Sanctuary's smallest camp with just six suites set on elevated platforms in the tree line with wooden decks that offer expansive views over the permanent water of the Boro River and a lagoon teeming with life. An eco-friendly property, Sanctuary Baines' Camp was built using only commercially grown wood, with over 150,000 recycled aluminium cans incorporated within the walls to provide insulation.

The four-poster beds are fully mobile and can easily be wheeled out onto the private wooden deck overlooking the shimmering waters of the Boro River. For the ultimate indulgence, guests can enjoy a Star Bath on the deck. Each room is equipped with a hairdryer, ceiling fan, in-room safe, minibar, and mosquito nets. Ensuite facilities include an indoor shower and double vanity. Complimentary wireless internet access is available in all of the rooms of the camp.

Discover a world entirely interconnected by wooden walkways – greet the hippos and step straight from the camp's jetty into a boat. Follow the raised boardwalks and find communal spaces encircling a sculptural earth formation and rising acacia thorn tree. The camp also has a swimming pool with two thatched salas on either side. Electricity supply is solar energy, with a back-up generator system.

## GAME VIEWING AND ACTIVITIES

---

The game viewing around camp is thrilling. Water crossings are part of the adventure and watching zebra standing belly-deep grazing is a sight to see! Because Sanctuary Baines' Camp is set in a private concession, there is the opportunity to venture out after dark on night game drives to see the nocturnal animals. Key wildlife include: lion, leopard, elephant, buffalo, cheetah, giraffe, impala, zebra, wild dog, hyena, and hippo.

The following activities are included in your stay:

**Game drives:** Enjoy game drives, spotting wildlife from open-sided 4X4 vehicles, accompanied by professional guides. Because the camp is located on a private concession, guests have the opportunity to see animals up close on both morning and evening game drives to discover incredible nocturnal species.

**Mokoro excursions and motorised boating:** One of the best ways to view the wildlife is in a mokoro, a locally made dugout canoe or a motorised boat. Explore the waterways and lagoons that make up the Okavango Delta as you see the plains game from a new angle. (Subject to water levels). Generally mokoros are available from June to October and motorised boating from February to September but can't be guaranteed.

**Walking safaris:** Discover the signs of the bush, accompanied by your guide and armed ranger on exciting walking safaris. The camp is set in a private concession meaning guests can get very close in perfect safety with one of our guides.

**Scenic helicopter flights:** Discover the breathtaking Okavango Delta from the air with Helicopter Horizons Scenic Flights, a fully personalised experience that showcases the untamed wilderness and diverse wildlife in widescreen. Soaring westward toward the permanent delta, the flights unveil areas unreachable by land or water, revealing the vast expanse of the Okavango, its permanent waterways, palm islands, lagoons, sweeping floodplains and remarkable game. With doors removed for unobstructed views, these flights offer exceptional photography opportunities. Timings are up to you, however we recommend early morning or late afternoon flights for optimal lighting conditions. Preferred flight times can be requested upon booking. Please note that this activity incurs an additional cost.

## CLIMATE

---

Green season usually begins in late November and lasts through early March. This season has hot sunny days with occasional afternoon thundershowers cooling down the surrounding area. Average daily temperatures range from 20°C-38°C. The dry season runs from late May to early October. In winter (June–August) temperatures can plummet as low as 0°C at night with a daily maximum of around 26°C-28°C.

## CLOTHING

---

Clothing should be cool and comfortable. Greens, browns and khaki coloured clothing are advisable for safaris especially when doing a walking safari. We suggest long sleeves and long trousers and for morning and evenings due to mosquitoes and a fleece jacket as it could be cold early mornings. Sturdy and comfortable shoes are essential. A complimentary overnight laundry service is offered in the camp.

Sunscreen, sunglasses and hats are essential. Binoculars and good cameras are an absolute must. The camp provides a torch as well as complimentary mosquito repellent and toiletries.

## HEALTH

---

We advise all travellers to take precautions against malaria and we recommend speaking with your GP or personal physician four to six weeks before departure. Travellers from or through countries which have been declared yellow fever infected areas must provide an international health certificate of vaccination for yellow fever upon arrival into Botswana.
